TERMS OF PARTICIPATION

14th European Youth Choir Festival Basel, Switzerland
May 27 - June 1, 2025

FESTIVAL

The European Youth Choir Festival Basel is regarded worldwide as the **most renowned international platform for highly qualified children's and youth choirs**. Since its foundation in 1992, the festival has focused on bringing together the best children's and youth choirs from Europe with each other and with the people of the Basel region, as well as on giving concerts for a discerning audience.

PROGRAMME

Up to **40,000 listeners** are expected to attend the **50 music events** of the festival. The choirs' music programmes must inspire a wide audience of music lovers and therefore be varied and dramaturgically skilful. The inclusion of special features such as solos, the accompaniment of folk instruments, choreographies and playing with the concert space, with sounds or with the choir's own language are essential. The choirs usually sing by heart.

In addition to the festival concerts, there are daily open singing sessions for the audience. Country focuses and workshops provide insights into the cultural backgrounds of some choirs. A lively international guest scene ensures exchange among choral professionals. At the Swiss Choral Conductors' Meeting, more than 100 choral conductors from all music scenes in Switzerland meet for further training and exchange. Further education programmes for young professionals in the choral scene complete the rich programme.

The EJCF FESTIVAL is complemented by around 1,400 children and young people from all language regions of Switzerland. They work together in workshops and sing in matinees and atelier concerts for the audience.

FESTIVAL CHOIRS

Traditionally, ten children's and youth choirs from Europe, one guest choir from another continent and seven children's and youth choirs from different language regions of Switzerland with around 800 singers take part in the festival.

The participating choirs will be selected by a jury of experts according to the following criteria:

1. **Musical quality:** Intonation, rhythm, sound, phrasing, stylistic fidelity
2. **Repertoire:** This must represent the musical culture of the choir's own cultural background or be exemplary for a specific musical style and has to convince through authenticity or innovation.
3. **Stage presence:** Charisma, liveliness of body and expression, singing by heart
4. **Overall concept of the festival:** A balance in terms of the musical styles and countries of origin as well as the mixture of children's, youth, girls' and boys' choirs is sought.
